

RADAR V Rides With All Mobile Video At NAB2006

Stop by Sony Booth CW10300 at NAB 2006 in Las Vegas for the unveiling of [All Mobile Video's](#) new flagship HD TV mobile truck. The fully expanding High Definition TV production vehicle features a state of the art digital audio room with 48 Tracks of RADAR V Digital recording and a Studer Vista 8 console. The new mobile is the crowning jewel of the company's Lodi, New Jersey based fleet. iZ President Barry Henderson and [Rack'N'Roll Audio's](#) Jeremy Ramsey & Rob Dennis will be on hand to answer questions.

Album Chart Show Launches On RADAR V With Plus 4 Audio

Shot in HD at the legendary Koko Club in Camden, the UK's new TV hit [Album Chart Show](#) counts down top music makers with live performances and interviews. [Plus 4 Audio's](#) Stew Chaney, Kevin Duff and Mark Ballard responded to the extremely tight space restrictions with a compact 48 Track RADAR V Classic, Yamaha DM2000 and Opticore system. "We are able to grab the audio fast, work quickly with automated mixes locked to timecode and deliver fully mixed product at the end of every show," said Duff. "RADAR's excellent file export also allows us to archive and export to BWAV if required."

Plus 4 Audio Engineer Kevin Duff
