

MAKE A FLOPPY WITH WINIMAGE

How to write a floppy disk with Winimage

Required:

- PC with Windows OS and floppy drive
- Winimage software (www.winimage.com)
- RADAR Winimage file such as **R24CDNET_RevB.imz**
- 3.5" Floppy Diskette

Procedure:

- Move the write-protect label to the closed position on the floppy diskette.
- Insert the floppy diskette in the floppy drive on the PC.
- **3** Double click on the **WINIMAGE.EXE** file. Click **OK** on the popup.
