HOW TO INSTALL ADA SOFTWARE

Although ADA is shipped with the latest version of ADA software, it can be kept up to date by downloading new versions of the software as they become available. iZ is constantly working to add new features and to improve the performance and reliability of ADA. Software updates and downloading instructions are available from the following: iZ website at www.izcorp.com, an iZ authorized dealer, and iZ Technology.

INSTALL PROCEDURE

1 Copy the *ADA_vX.X.X* file installer to either a USB 2.0 (FAT 32) drive or to a N:Network drive.

2 From the Main Screen press `Setup` to enter the Setup Screen, then press `System`

3 Locate **UPDATE SOFTWARE** using `▲` and `▼`. Press `Enter`

4 At the **UPDATE S/W FROM:** prompt, select either **WEB:IZCORP.COM** (WAN Access Required)**, N:NETWORK** or **E:USB DRIVE** using `▲` and `▼`.Press `Enter`. If updating through the web or USB Drive skip to step 7.

5 At the **USER NAME:** prompt, enter the PC/Mac's FTP user name (case sensitive) using a QWERTY keyboard.

6 At the **USER PASSWORD:** prompt, enter the PC/Mac's FTP password (*case sensitive*).

7 Once connected, navigate to the ADA software installer file using `Enter` to go into a folder, and `Menu Prev` to back out of a folder level. Once in the appropriate folder, use the `▲` and `▼` to select *ADA_vX.X.X* and press `Enter` to select the software installer file.

8 At the **INSTALL VER X.XX?:** prompt, select **YES** using `◄` and `►`. Press `Enter`. **+INSTALLING+** will display while the ADA application is being installed.

9 When **REBOOT ADA TO COMPLETE INSTALL** is displayed, power off ADA and power back on. Once rebooted the software install will be complete.
